You have questions. We have answers.

I'm skeptical. How are you able to provide a better deal than I can get on my own?

The average 100-truck fleet saves up to 20% annually by purchasing through our system. By leveraging the strength of more than 700,000 vehicles in our network, companies can realize the same procurement benefits as large-scale corporate entities.

What about my local dealer? I count on him to service me.

You still deal with your local dealer, but you are billed with AmeriQuest pricing.

Will I pay different prices at different dealers?

Your pricing is national - all invoicing comes through AmeriQuest and therefore is structured for all locations.

Can I have two national accounts for the same manufacturer?

No. Only one national account is permitted per company.

Can I discuss the AmeriQuest pricing with my supplier or rep?

No. To protect the integrity of our programs, our pricing is **confidential**. In most cases the local dealer does not know what you pay.

How do I order?

You order as you do today. However, you should issue a purchase order.

How do I get an invoice?

Your invoicing comes from AmeriQuest via our online e-commerce site.

Do I need a PC with Internet access?

Yes. Access to the Internet will allow you to review AmeriQuest's program information. Invoices can be retrieved by anyone with a computer.

How do I get started?

Fill out the online participation agreement and enrollment form to become a member. Then choose from our comprehensive offering of services.
